I just talked to Nancy in Seattle. Lots of snow in Seattle. Storms and blizzards on the east coast. Sunny and warm in California. Here in Michigan it's 43° and sunny. Nice football and shopping weather. I'll tell you, changeable weather all over. Where would you rather be? Silly question! With Christmas around the corner we all would rather be at home, regardless of the weather.

I'd better get down to business and silver bar news. I've just re-read our last Bugle (Nov., 1992 issue) and I think it's been the best one we've had in a long time. It's also the last one of last year, and with this issue you are now reading, it's the start of another year. I know I'm insulting everyone's intelligence by telling you all this, but I've got a point to bring out. This Bugle is the start of another year and this year, 1993 is the start of another year for our club. I do want to wish the club a happy, prosperous New Year and continuous growth both in members and interest. We are off to a great start what with the prestigious ANA giving art bars and our club a five-page article plus a front cover picture, boosting our hobby to international interest. I want to publicly thank the ANA, and especially Jean Roberts, for their fine presentation. This, in my opinion, is the greatest boost we have ever had, and we officers, trustees and members of IASAC should all strive to keep our momentum going. All of us should again bring in more members and get more active in this very interesting hobby. Remember two years ago when I issued a challenge to all of you to generate more interest and members? You responded beautifully and our club grew by leaps and bounds. Some of us brought into the fold more than 10 members alone. Well, I'll tell you, now's

the time to do it again! One of the things I stated in the ANA article was that most people still don't know what an art bar is. This is only too true! Just by spreading the word about our club, showing silver art to our friends and family, giving gifts of silver to them, letting them read your Bugle, asking for more Bugles to give to them, these are only some of the things we can all do. Along these same thoughts, I'm asking you trustees just what are you doing for the club? The club is getting better! Are you getting better? Earn your position and title by doing, not just seeing your name in print, listing you as a trustee. Where is the round robin letter? Where are your resumes? Where is all our publicity? Slow boat to China? Last year's news is just that! This is 1993 and let's go first class all year. (Please note: my remarks are tempered by the Christmas spirit.) I'm all gung-ho for the club and expect you trustees to follow suit.

Change of subject: the limited edition of 500 serial numbered, revised supplement of art bars is being sent to all who ordered them by Duane and Harvey. If you haven't ordered your copy, better do so now.

Our 1993 convention site has been chosen as Milwaukee, Wisconsin. Thank you, Larry Cannon and Walter & Eda Thomas for your helpful information to enable us to choose this beautiful city. Particulars and more information will be forthcoming in future Bugle issues.

Lastly, I wish all of you a very good, healthy and vigorous 1993!

DID YOU SEE WHAT I SAW?

January '93
by Ken Macomber

We regularly attend an antique auction known for its quality and diversity. It is well attended by a variety of local dealers. On this particular night the advance flier had listed a small coin collection as one of the lots. Upon arrival I asked Herb, the auctioneer where the collection was located. He pointed to a table stating that it wasn't much of anything. As I examined the lot I got excited. The box contained a 'few' hundred dollars worth of coins. As the auction began my heart started to pound.

Attendance was only moderate this particular night with a little over 200 bid numbers issued. Lot 18 was the one I was interested in and it couldn't come soon enough. The next ten minutes felt like an eternity.

The lot started at \$30.00. I thought to myself this is ridiculous. My arm shot straight up with bidder card in hand. I closed my eyes and turned my head. At 130 the bidding slowed. Time to wake up. It was down to the finale three bidders and I was still in the hunt. My bid of 150 almost held. One more raise should do it. My arm did not quiver. I got raised but my \$170 bid held!

Was the bid foolish or the buy of the night?

Time for a break in the back of the hall to enjoy my pipe. An acquaintance approached me saying he couldn't believe the coin lot went so high. When I informed him that I was the winning bidder he carried on for two minutes, still talking to himself as he walked away.

He and the others had not seen what I saw, and I did not have the heart to tell him.

The three large old beige pages contained a DOUBLE set of Lincoln cents, missing only the '14D and '22 plain. The key here is DOUBLE set. A set of Mercury dimes was missing the '16D & 21D but included a 1942/41D, problem free, F/VF worth about \$250. Five sets of Roosevelt dimes accompanied the lot. The lesson is plain & simple --See what you are looking at!

SECRETARY-TREASURER'S
REPORT

Nancy Yee 12/10/92

Here's some real progress for you! Instead of trudging through miles of snow to get to school, I had to drive through slushy snow this morning to get to a FAX machine to transmit some urgent information to Archie Kidd! We've been burning the midnight oil to get the updated catalog out to everyone who's ordered, and they will be in the mail very soon.

We woke up to a beautiful sight this morning, but as the day wore on, it was less and less appealing. This was to have been one of my last shopping days before Xmas, and the kids were home instead. Oh well...

Larry Cannon has reported back to us that Milwaukee, Wisconsin looks like a good spot for our 1993 convention, and enough of our officers and trustees have approved of the site to make it official. The show dates are Oct. 8-10, and we will include more information regarding hotels, etc. in the next Bugle. So, if you need to declare early for your vacation dates this year, pencil in Milwaukee in October.

If you forgot to request an ANA December Numismatist with the article about holiday art bars, we have a few extras available on a first request, first to the mailbox basis. Please include \$1 for postage. The magazine has an attractive cover and the article features lots of photos. Several of our member dealers have advertised, and there are references to the club and our new catalog update.

Round sales stand at approximately 65 of 100 sold at this time. This includes all varieties - s.n., non s.n. and enameled. We don't anticipate that these numbers will change much by the end of December.

Many members in addition to the original batch of responses on our ballot, have requested to be included in the membership roster. Once the Bugle is off to Duane and the Xmas rush is over, work on compiling this information will begin in earnest. We're planning a small, pocket-sized roster, similar to an address book. It should be ready by the end of January. If you'd like to order one, the price is \$2.29. Sorry, too late now to add your name to the list.

Thanks to everyone for all their generous donations over the past several months. Some of the more interesting items we received were a bronze TRG belt buckle sent in by Joe Arnold. Joe DeSilva sent a sample of his Desert Storm/Saudi Arabia round - a very handsome piece. Eugene Daley sent some interesting reading material on his hometown of Johnstown, Pennsylvania and the floods. There were also pictures of the old & new inclined plane, a local landmark. See the Cambria Coins bar on the same subject in the updated catalog!

My favorite note came from John Vandemore. He sent in a check to re-join the club and wrote, "I would like to rejoin IASAC...I was a member but I dropped out. I missed the newsletter The Silver Bugle."

That's great! Welcome back, John!

The majority of members are due to renew in January. Check your address label for a RED DOT, and don't forget to send me a check for \$10. Include your FREE classified ad at the same time.

Best wishes for the New Year!!

CONGRATULATIONS to LYNNAE M. CLARK of Eugene, Oregon who was the winner of the November Brain Teasers. Lynnae received a HAM-2 Thanksgiving, 1973 bar donated by Jim Best at our meeting in Charlotte.

Test your skill with these questions and return by January 22nd. GOOD LUCK!!

1. Two workmen were repairing a roof. They fell through a large chimney and landed in the fireplace below. Now it happened that one man's face was well smeared with soot from his passage through the chimney. The other man's face, however, was absolutely clean. Neither man spoke. Yet the man with the clean face went and washed his face & the man with the dirty face went back to work without washing. Can you explain logically why they did this?
 2. Arrange these three in chronological order from first to last: Muhammad, Buddha, Christ.
 3. Patrick is hopeless at math but good with arithmetic. He's worked out that 8 nines equal 1125 and proved to his math teacher that he's right. How did he do it?

SILVER ART BARS

A long time silver art collector faces a situation that we all hope that we never have to face.

He must liquidate his collection of art bars and has asked me to assist him.

We all know that silver is less than \$4.00 per ounce and we also know that only the most disreputable dealers or most unknowledgable dealers would offer that amount of money on some very rare art bars.

There are many art bars with mintages of 10-100 and also some more common bars with prices reflecting rarity.

After being away from this great hobby for over 6 years it is great to be back in it and look forward to hearing from many past customers as well as getting to know some new customers.

It will be my pleasure to send you a listing on request without cost or obligation of some very rare silver art bars.
